CBCC 2014 was Great!

Thank you for your prayers for Chronological Bible Core Course in LA (see our smiling students' faces at bottom right). MORE YOUNG ADULTS, from four countries, who are now ready to begin the rest of their lives with a Biblical Worldview. Sweet group.

Next Spring, we have trained up a brand new CBCC school leader, Aaron, who will be running the program (with us as staff). Multiplication is the way Jesus' Kingdom works!

The Garden Heart writing progress

Please pray for me to finish this book! I'm hoping to finish the most difficult section- Part One- by the end of my sabbatical on Christmas.

My three goals: to creatively illustrate the real events of the construction of the Tabernacle on Sinai; to integrate worldview principles from Gen 1-4 into the Tabernacle symbolism; then, to develop characters for an ancient worldview comparison.

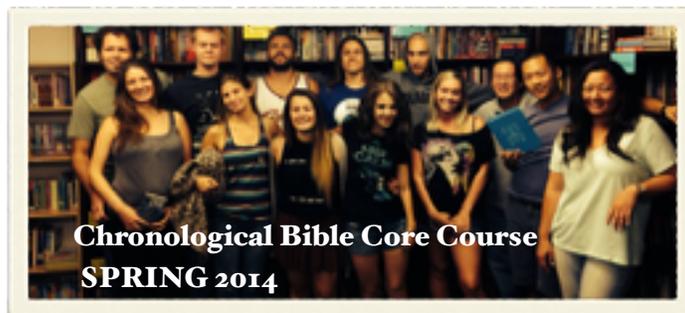

Cambridge, UK!!!

We will be serving for a YEAR in Cambridge in 2015!!!

OUR MINISTRY HAS BECOME A MINIS-THREE!

When the nurse first bought my precious girl to me, I couldn't help but utter "I love her!" A little human all my own to love and raise. What a blessing God has given us to share in the creation of life. I've often said "People are our greatest treasure," and being a parent, now I know those words to be very true. Cliff and I are learning to do ministry as a family. I've been blessed by Cliff's willingness to stay home with the little one to allow me to teach. I also love staying home with her to allow him to engage in ministry. Ministry is possible- with a little bit more

SPRING 2014

Ladies' Chapel at St. Albans

Back to Cambridge, UK

The U.K. has some of the most beautiful- and numerous- chapels and Cathedrals in the world. Yet, the "church" there is on the front-lines of the battle against forceful secularization of Western society. We're going back for ONE YEAR this time, to plant a nine-month School of Biblical Studies in the heart of Cambridge.

Why Cambridge?

- 1) Jesus led us there VERY clearly. Each trip has been blessed.
- 2) It is the birthplace of: the English Reformation; the "Student Volunteer Movement" of college-aged missionaries in 1885; and even of America! (the pilgrims planned the logistics of their trip to America at Sidney Sussex College)
- 3) Newton, Bacon, Maxwell, Darwin, Rutherford, Bertrand Russell, Wittgenstein, Stephen Hawking are graduates (as are "Gandalf", "Bones", and "Borat"). Who knows who's there now?
- 4) The third oldest University in the world, it was planted by Christian monks in 1209. Its motto is *Hinc lucem et pocula sacra*, or "From here, Light and Sacred Draughts."

Our Vision: these YWAM missionaries in Cambridge will show that Jesus and His Word ARE still the "Light", and the Holy Spirit brings those "draughts" of understanding they seek.

Our Challenge: \$1500 of monthly support for UK cost of living for THREE people now!

forethought. As time goes on, I'm sure we will come across more challenges, but we remain so thankful for this precious gift that God is given us in our baby girl, Jonah Grace.

Other Ministry Opportunities over the last few months...

- Two Trips to YWAM Tijuana, with Amaris teaching 1 Cor in the Spring, and Cliff Teaching Deuteronomy this Fall. Cliff also shared twice at the Tijuana Community Meeting.
- At the thriving CSBS Los Angeles, Cliff taught Leviticus, and Amaris will teach Wisdom Literature and Psalms this coming week.
- The All Nations Church (100% Korean) has been running a School of Biblical Studies for years, since one of our own students founded it. Cliff was able to teach Exodus with their 40 students.
- Cliff made a video teaching series called "The 10 Contexts of the Bible", making contextual study of the Bible easier for folks who don't have time for a Bible Course. They are on our YouTube Channel, "Chronological SBS International". There are 11 videos, of around 15 minutes each. www.youtube.com
- We were the first in the world to facilitate the "Coram Deo" worldview video series from Disciple Nations Alliance. It went great! Now, one of our students has walked 15 students in Nairobi, Kenya through the series- again, they loved it! www.coramdeoonline.com.
